

USB Display Adaptors USB to HDMI Monitor Adapters

Part No: 2494HDI

[View Online](#)

This USB to HDMI Adaptor enables you to connect a second monitor, LCD or projector to a computer with a USB 2.0 port. For desktop users, adding an extra monitor via USB connection is easier than ever without having to open the computer chassis to install an internal video card - once the installation is complete, the USB-attached monitor simply wakes up.

Features & Benefits

- Added monitor, LCD or projector through a single USB 2.0 port.
- Small in size and works with all HDMI displays.
- Supports high resolution up to 1920 x 1080.
- Supports up to 6 USB display adaptors working simultaneously.
- Extended and Mirror mode supported.
