

USB Display Adaptors

USB to VGA Adaptor

Part No: 2494VHD

[View Online](#)

The USB to VGA Adaptor enables you to connect a second monitor, LCD or projector to a computer with a USB 2.0 port. For desktop users, adding an extra monitor via USB connection is easier than ever without having to open the computer chassis to install an internal video card - once the installation is complete, the USB attached monitor simply wakes up.

Features & Benefits

- Added monitor, LCD or projector through a single USB 2.0 port.
- Small in size and works with all VGA or DVI-I displays.
- Supports high resolution up to 1920x1080 or 1440x900.
- Supports up to 6 USB display adaptors working simultaneously.
- Extended and Mirror mode supported.
