

USB Display Adaptors

USB 3.0 to DVI Display Adaptor

Part No: 2496DVI - See ordering information

[View Online](#)

The USB 3.0 to DVI Display Adaptor enables you to connect a second monitor, LCD or projector to a computer with a USB 3.0 port. For desktop users, adding an extra monitor via USB connection is easier than ever without having to open the computer chassis to install an internal video card - once the installation is complete, the USB-attached monitor simply wakes up.

Features & Benefits

- Added monitor, LCD or projector through a single USB 3.0 port.
- Small in size and works with all DVI-I displays.
- Supports high resolution up to full HD (2048x1152).
- Video streaming is supported up to 1080p.
- Supports up to 6 USB display adaptors working simultaneously.
- Supports Extended and Mirror mode.
