

USB Display Adaptors

USB 3.0 to HDMI Adaptor

Part No: 2496HDMI

[View Online](#)

The USB 3.0 to HDMI Adaptor enables you to connect a second device to a computer via a USB 3.0 port. For desktop users, adding an extra monitor via USB connection is easier than ever without having to open the computer chassis to install an internal video card - once the installation is complete, the USB attached monitor simply wakes up.

Features & Benefits

- Added monitor, LCD or projector through a single USB 3.0 port hot-plug.
- Small in size and works with all HDMI displays.
- Supports high resolution up to 2048 x 1152.
- Video streaming is supported up to 1080p.
- Supports up to 6 USB display adaptors working simultaneously.
- Extended and Mirror mode supported.
