

Premium Enhanced Cat5e UTP Patch Cables

Part No: 2965 - (Length) + (Colour) see chart

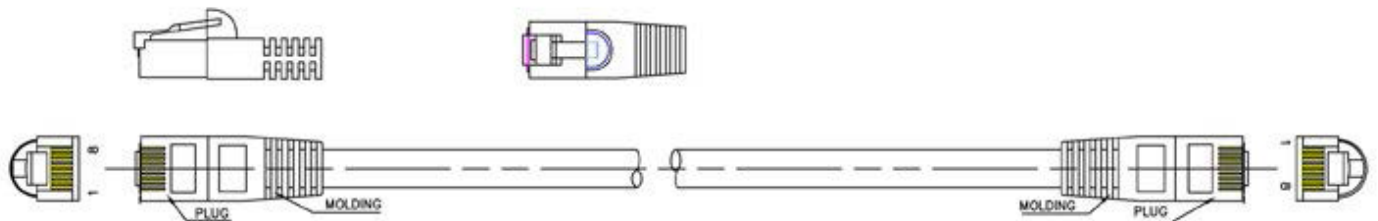

[View Online](#) >

Available in 15 colours, the extensive range of patch cables are designed for Cat.5e networking requirements. Each cable is manufactured to the highest standards and specification from stranded Cat.5E cable and High Quality RJ45 plugs. They are fully tested and fitted with short bodied connectors and integral strain relief boots.

Features & Benefits

- Designed for advanced bandwidth frequency systems & increased network speeds.
- Manufactured using quality component parts: Connectors: 50micron gold RJ45 plugs
- Cable: UL approved Cat.5e enhanced 24 AWG stranded cable
- To reduce crosstalk, short-bodied connectors maintain speed & data integrity on moulded assemblies
- Wide choice of 15 colours - helping to identify cable paths at a glance
- Ex-stock delivery on all 14 different lengths
- Pin 1 to 1 wiring configuration
- Tested for purpose, ideal for current network patching requirements.
